Imagine taking the wheel of a houseboat, moving smoothly out into the deep water and spending a relaxing vacation exploring the pristine water ways of **beautiful Lake Cumberland Kentucky....Jim Dandy Style!**

Lake Cumberland has 1200 miles of shoreline, astounding waterfalls and countless secret coves. The water temperature is warm and inviting. The Dandies will be cruising, swimming, fishing, snorkeling, diving, speed boating, water skiing, tubing, exploring, star gazing, relaxing, and living the good life on board custom houseboats. The custom houseboats are built for comfort and entertainment.

3 houseboats have been reserved - 2 Model 900 boats and 1 Model Admiral boat. The **Model Admiral** boats have been rented this year for people who want to go but do not want to share a bed. (You will be able to share the common areas of all the boats)

Transportation will be by charter bus.

- The cost for the bus is included in the trip. The cost of the bus transportation is based on an estimate. **If the estimate is inaccurate, the price of the trip will be adjusted to reflect the actual cost for the bus.**

All food is included in the trip.
